

As we begin our learning journey this session our focus for our next theme will be Safe & Healthy Me. Since our return we have been learning to join in with our peers, follow the school rules and make everyday safe and healthy choices. We will also discover all about our 5 senses. Over the last few weeks we have been discussing good hygiene and creating our healthy wall display to promote how eating fruit & veggies, exercising our bodies and brushing our teeth help to keep us in tip top shape.
