

Promoting curiosity, inquiry and creativity through our new learning theme for this term of Traditions and Celebrations. Over the next couple of weeks we will be looking at all the fun of Halloween. Focusing on 2d shapes in maths as we carve our pumpkins and weight and measure as we use the pulp to bake the most delicious pumpkin muffins. Taking responsibility as we clean up. During outdoor play we went on a Halloween scavenger hunt and demonstrated our super mark making skills as we marked off the correct item when we found it.
