

Floorbook planning to kick start our new theme/topic this week. We are all really excited to learn all about some Traditional Tales and Nursery Rhymes. Already we have been practising our story telling and presenting skills using some story characters and our home corner telly. We arranged the furniture to make some thrones and decorated our very own crowns. Next we made a start on constructing our role play area. We can't wait to see how it will develop over the next few weeks.
