

Lots of fun sensory activities this week, as we continue our Traditional Tales theme. Soft squidgy paint to make beanstalks with foot print leaves and fingerprint beanstalk with ourselves as the Giant and our friend as Jack. We also made some seed snakes using dried beans and musical shakers during outdoor play. St Andrew's Day was celebrated by designing our very own McCoo picture in the style of Steven Brown using the Interactive White Board. Frosty days were an ideal opportunity for us to explore and complete a winter scavenger hunt.
