

Christmas jumper day in nursery this week in aid of save the children.

Some interactive whiteboard activities as we decorated the virtual Christmas tree.

Outdoor fun as we explored and investigated the objects that were frozen in the ice. We safely self risk assessed as we used hammers to crack it open.

We had fun in our role play area as we acted out the Nativity using our own ideas and thoughts . This reminded staff of the upcoming Christmas special on TV 'Call the Midwife' and made us all chuckle.

Hand painting some rather large pine cones that we collected when out and about to make the most amazing sparkling Christmas tree decoration
