

This week we focused on the passing of Queen Elizabeth II. We joined the school children to plan out and create a special commemorative plate in recognition of the Queen's long service. Using our super drawing skills to firstly plan a design on paper before transferring our ideas on to our plates where we used sharpies to draw our designs before baking them off in the oven to seal the image.

We also used our creativity and fine motor skills to decorate a beautiful new hat for Her Majesty as we folded, twisted and opened out tissue paper flowers as well as selecting different craft materials to adorn the brim.
