

## Fire! Fire!

Lots of fun activities this week as we look at the role of the firefighter. We had to extinguish the flames in lots of different ways. Using water, foam and practising our Stop! Drop! & Roll drills if our clothes were ever to catch fire. We have been taking part in daily yoga and mindfulness techniques moving our bodies and concentrating on our breathing. We took advantage of a beautiful sunny autumn day foraging for brambles in the hedgerows. We then made a bramble crumble loaf back at school to take home to our families. Get the kettle on!
