

It's very exciting as we add the last few baubles to our outdoor Advent Calendar tree before we close for the holidays. Christmas show rehearsals are well underway as the excitement builds. We designed our very own wrapping paper using some Christmas stamps and the ink pads. We then cut the paper to size and wrapped our gifts we previously made before adding name labels. Curling ribbon with the straight edge of lollipop sticks was very tricky but we got there in the end. When out ans about we were still finding signs of Christmas but most of all relished in some puddle jumping fun. The end of the week saw a visit from Santa and lots of Christmas party fun as we danced, played pass the parcel and made melting snowman biscuits to name a few of the party games. Happy Holidays Everyone!
